RE: SMART METERS

TO: STATE LEGISLATORS
LANSING, MI

THIS LETTER IS REGARDING MY EXPERIENCES WITH SMART METERS AND THE EFFECTS ON MY PATIENTS. RECENT PUBLISHED RESEARCH SHOWS THAT DEVICES EMITTING RF RADIATION (SMART METERS, CORDLESS PHONES, SMART PHONES) AT CERTAIN FREQUENCIES CAN CAUSE ARRHYTHMIA, HEART DAMAGE, IMPAIRED MENTAL FUNCTION. DAMAGES TO HEALTH CAN OCCUR AT LEVELS THOUSANDS OF TIMES BELOW RADIATION LEVELS THE FCC CONSIDERS HARMFUL. IT CAUSES HEADACHES, DIZZINESS, RINGING IN THE EARS, NAUSEA, INSOMNIA AND OTHER PROBLEMS.

I HAVE DOZENS OF PATIENTS, SOME I HAVE KNOWN FOR 15-20 YEARS WHO HAD GENERALLY GOOD HEALTH (AND WE DO WATCH CLOSELY WITH BLOOD TESTS, URINE TESTS AND HAIR ANALYSIS) WHO SUDDENLY DEVELOP SYMPTOMS RIGHT AFTER SMART METERS WERE INSTALLED. THEY SUFFER WITH HEADACHES, INSOMNIA, AND EVEN IN SOME CASES, SEIZURES. THEREFORE IN CONCLUSION, I WOULD RECOMMEND NO SMART METERS. OPTING OUT DOESN'T HELP MUCH (THE METER IS INSTALLED BUT THE FREQUENCY IS SUPPOSEDLY TURNED OFF). SEVERAL PATIENTS EXPERIENCE SYMPTOMS ANYWAY. PERHAPS MICHIGAN SHOULD FOLLOW THE LEAD OF OREGON, WASHINGTON STATE AND SASKATCHEWAN WHERE METERS WERE TOTALLY OUTLAWED. WHEN YOU THINK OF THE THOUSANDS OF PEOPLE ADVERSLY AFFECTED, WHAT CHOICE DO WE HAVE?

P.S. AND IT IS NOT JUST CERTAIN SENSITIVE PEOPLE AFFECTED BUT DR. D. KLINGHART HAS SHOWN BLOOD CHANGES IN EVERYBODY WHETHER THEY ARE AWARE OF IT OR NOT.

SINCERELY,

JAMES L. ZIOBRON, D.O.

RE: CAROLE GARCIA

I HAVE KNOWN CAROLE GARCIA AS A PATIENT SINCE 2010. HER CONCERNS WERE MOSTLY DIGESTIVE PROBLEMS. RECENTLY, SINCE HER EXPOSURE TO SMART METERS, SHE HAS AN ENTIRE SET OF SUDDEN NEW SYMPTOMS: HEADACHES, NAUSEA, VERTIGO, NOSE BLEEDS, BLURRED VISION, AND A FEELING OF ELECTRIC SHOCK, ESPECIALLY IN THE ARM. I FEEL THAT HER RECENT PROBLEMS ARE ALL DUE TO THE SMART METER. CAROLE HAD BEEN IN REASONABLE GOOD HEALTH. THE MAJOR NEW INFLUENCE ON HER HAS BEEN SMART METERS. CAROLE IS AMONG THOSE THAT ARE ELECTROHYPERSENSITIVE (EHS). SOME MEDICAL EXPERTS BELIEVE THAT IT IS THE (EHS) PEOPLE THAT ARE MOST AFFECTED BY SMART METERS. SOME COUNTRIES RECOGNIZE EHS AS A FUNCTIONAL IMPAIRMENT AND THE RESULTANT LEGAL DECISION IN A COURT OF LAW TO AWARD DAMAGES AGAINST UTILITIES. IN ANY EVENT, CAROLE SHOULD HAVE SMART METERS REMOVED AS SOON AS POSSIBLE.

I AM ASKING YOU TO HOLD HEARINGS ON THE SAFETY OF SMART METERS, (NEVER BEEN DONE). I AM ALSO ASKING YOU TO SUPPORT CAROLE'S RIGHT TO AN ANALOG METER BASED ON HEALTH REASONS.

SINCERELY,

JAMES ZIOBRON, D.O.

TO; MI State Legislators
Lansing, MI

Ms. Garcia is a patient of mine here at Rochester Family Medical Center. Carole has been seen in our office for significant medical changes that are unrelated to neurological or medical work up done which has been negative. Some examples of such symptoms are as follows: bloody nose, headaches, nausea , vertigo, blurred vision, heart palpitations, and insomnia and fatigue.

These symptoms have appeared after her exposure to the two Smart Meters DTE installed on her bedroom wall.

Carole had been in reasonable good health prior to the installation of the Smart Meters. I am therefore requesting that these Smart Meters be removed and replaced with the standard analog meters immediately.

Sincerely,

G Dhillon, M.D.
